

Lights out, UV. There's a new pen in town.

The Roving Blue® Water Purification O-Pen™
represents a new generation of pocket water purifiers.

- Purifies up to a liter per minute
- Advanced technology produces ozone, more powerful than chlorine, effective against bacteria, viruses, and cysts
- Eliminates odors, improves taste
- Reverts to oxygen quickly, no chemical residues
- Multi-Use: Use ozonated water as a sanitizing rinse for water bladders, cuts, scrapes and insect bites
